Summary

- Over three years of experience in web development, specializing in creating responsive, user-friendly applications and optimizing performance for seamless user experiences.
- At Cognizant, I developed reusable components, reducing development time and improving code maintainability.
- Played a key role in implementing new front-end architectures, resulting in a 25% improvement in page load speeds.
- Collaborated closely with backend teams to define API specifications and ensure smooth integration between systems.
- Interned at Softcheck LLC and Bluelearn, designing and maintaining dynamic web interfaces using modern frameworks like React.js.
- Contributed innovative solutions in cross-functional teams to deliver impactful, high-quality projects.
- Expertise includes JavaScript, HTML, and other web development technologies, with a strong focus on performance and usability.

Experience

Web Developer Intern | Softcheck LLC - Indianapolis, IN | 12/2023 - 09/2024

- As a Web Developer, I designed, developed, and maintained responsive websites using HTML, CSS, JavaScript, and frameworks like React.js, ensuring seamless user experiences. Collaborated with cross-functional teams to implement features, debug issues, and optimize performance through efficient coding practices and tools, enhancing overall functionality and efficiency.

Web Developer | Cognizant - Hyderabad, Telangana | 08/2021 - 08/2023

- Developed and maintained reusable components, reducing development time by 30% and improving code maintainability.
- Played a key role in implementing a new front-end architecture, achieving a 25% improvement in page load performance.
- Collaborated with backend developers to define API specifications, ensuring seamless integration between frontend and backend systems.
- Conducted thorough testing to identify and resolve bugs, delivering high-quality, error-free code.
- Actively participated in brainstorming sessions, contributing innovative ideas that were successfully implemented in a doctor search insurance product.

Front End Developer | Bluelearn - Hyderabad, India | 07/2020 - 08/2021

- As a Frontend Developer Intern at Bluelearn, I contributed to building and enhancing user-friendly web interfaces using modern frameworks like React.js. Collaborated with the design and backend teams to deliver responsive, high-performance applications, improving the platform's usability and engagement.

Education and Training

Indiana Wesleyan University | Marion, IN | Expected in 04/2025
Master of Science: Information Technology

Osmania University | Hyderabad, India | 12/2021
Bachelor of Science: Computer Science
